

**PLEASE HELP THE OLD-BRULE HERITAGE SOCIETY IN CARING FOR
THE DAVIDSON WINDMILL SITE AND OUR MEMORIAL WALK.**

For the comfort and safety of our guests, the Old-Brule Heritage Society has completed a sidewalk that joins our parking area, the Davidson Windmill, Taylor’s Bridge, the Eskolin Log House and our rest facility. Built into the walkway are dark brick pavers which carry the names of our donors, or memorials to their special others, for their help in maintaining the Davidson Windmill, the walkway and the Windmill grounds. The 1000 pavers are each 4 inches wide and 8 inches long, and the design allows for one or two rows of letters along each paver’s length. Only 15 letters maximum from end to end, per row, can be engraved on each paver, including spaces. A \$20 donation will allow us to engrave one paver.

The ConocoPhillips Corporation provided several generous sidewalk construction grants, but we continue to need the help of our guests and other site supporters. If you would be interested in joining us in support of the Davidson Windmill and grounds we would be happy to insert one paver for each \$20 donation given to the Davidson Windmill Fund. Please send us each of the names that you would like to see among the hundreds of pavers that have already been engraved. Please print the name exactly as you would like it to appear within the rows of boxes below, as in our two typical samples, “JOHN MAKI 2015” or “JOHN & MARY MAKI”. Please enclose a \$20 donation for each paver requested, designated to the Davidson Windmill Fund, and mail your order to the address below. Our two samples below on two pavers as shown would require a total donation of \$40.00. The names and/or dates would be centered on the pavers.

Thank you for your interest in the Davidson Windmill and in our wider mission of sharing the history and heritage of the Old-Brule region in northern Douglas County.
